- c. Of the 50,000 television receiver sets on reparations order for the year 1950, the Oberspreewerke will be responsible for assembling an initial series of fifty, the remainder to be assembled in Radeberg (sic). The Oberspreewerke will also manufacture the tubes for all the sets.
- d. Installations for the manufacture of the television tube, OSU type 2146, are now being set up; space for this production is being cleared in the NEF Werk on the same premises.
- e. Recently the percentage of power tubes rejected for being below standard quality has been very high. The rejection rate has run as high as 90%.
